BIBASH SHRESTHA

Data Analyst Intern | Data Science Intern | Junior Software Developer

Kathmandu, Nepal | +977 9845059597 | sthabibash1000@gmail.com | LinkedIn | Portfolio

College GitHub: github.com/sbibash22 | Personal GitHub: github.com/shresthabibash810

PROFESSIONAL SUMMARY

Computing student focused on data analysis, machine learning and full-stack development. Skilled in Python, SQL, EDA, dashboards, Django, PostgreSQL and REST API development. Completed a final-year Production Project using explainable AI to predict computer system failure risk and support preventive alerts.

TECHNICAL SKILLS

Programming: Python, SQL, JavaScript, Java, C, C++, R, HTML, CSS

Data Science & Analytics: Pandas, NumPy, Matplotlib, Scikit-learn, EDA, data cleaning, regression, classification, model evaluation, dashboards

Web, APIs & Databases: Django, Django REST Framework, React, Node.js, FastAPI, REST APIs, PostgreSQL, MySQL, MongoDB, SQLite, Oracle APEX

Tools & Workflow: Git, GitHub, Tableau, Excel, Power BI, Postman, VS Code, RStudio, Agile/Scrum

PROFESSIONAL EXPERIENCE

Data Science Intern, SaiKet Systems — **Aug 2025 - Sep 2025**

- Cleaned, transformed and analysed datasets using Python, Pandas and NumPy to support reporting and modelling tasks.
- Built and evaluated machine learning models and presented insights using clear visualisations and short technical summaries.

College Representative, Code for Change - The British College, Kathmandu — **Jan 2025 - Present**

- Promoted technology initiatives and supported events including Tech Carnival 2025 to increase student engagement.
- Coordinated workshops, communication and content activities to strengthen the student technology community.

PROJECTS

PreventaB - Final Year Production Project | Python, Django, PostgreSQL, Scikit-learn, SHAP/LIME | github.com/sbibash22/PreventaB
Built an explainable AI monitoring platform that collects CPU, RAM, disk and OS log data, predicts failure risk, explains results, sends alerts and exports PDF reports.

Pet Care Companion App | Kotlin, Android | github.com/sbibash22/Pet-Care-Campanion-App
Developed a Kotlin-based Android application concept for pet care support with mobile screens and app logic.

School Management System | Django, Django REST Framework | github.com/shresthabibash810/School-Management-System
Built backend CRUD functions and REST API endpoints for student and course management workflows.

Applied Machine Learning with R | R, Machine Learning, ROC Evaluation | github.com/shresthabibash810/Applied-Machine-Learning-with-R
Applied regression, classification and clustering models to a bank marketing dataset and evaluated model performance.

Data Analysis in Python | Pandas, NumPy, Matplotlib | github.com/shresthabibash810/Python-Data-Science-Task
Performed data cleaning, analysis and visualisation to turn raw datasets into dashboard-ready insights.

PHP Oracle APEX Full-Stack Application | PHP, Oracle APEX, JavaScript, Agile | github.com/shresthabibash810/PHPOracleApexFullStack
Collaborated on a full-stack web application using database design, front-end integration and Agile teamwork.

Bank Management System | C++, OOP | github.com/shresthabibash810/Bank-Management-System
Created a console-based banking application using object-oriented programming and basic file/data persistence.

DataCamp Data Science Projects | Python, Data Wrangling, Visualisation, ML | DataCamp Project Workspace
Completed hands-on projects covering data wrangling, visualisation and applied machine learning workflows.

Software Design & Documentation Labs | GitHub, HTML, XML/DocFX | github.com/sbibash22
Maintained college lab repositories covering software design practice, documentation and XML/DocFX-based project documentation.

EDUCATION

BSc (Hons) in Computing, The British College, Kathmandu | Sep 2022 - Present (Expected 2026)
Relevant coursework: Database Systems, Web Development, Data Science, Software Engineering
Higher Secondary Education (Science), DAV College, Kathmandu | 2019 - 2021 | GPA: 3.46
Secondary Education (SEE), Valley Public HSS, Kathmandu | 2017 - 2019 | GPA: 3.65

CERTIFICATIONS

- DataCamp Data Scientist Certification (Credential ID: DS0020935727991), 2025
- Deloitte Australia Data Analytics Job Simulation, Forage 2025; Tata Consultancy Services Data Visualization, Forage 2024
- Python with Django - Backend and API Development, Mindrisers 2024; MERN Stack Development, The British College 2024
- IBM Python for Data Science, AI & Development, Coursera 2024

ACHIEVEMENTS

- Student Exchange Programme 3.0 - IoT Collaboration, Leeds Beckett University (2025)
- Hack4SafeFood Hackathon Participant, DFTQC Nepal (2025)
- Volunteer, TBC Career Fest, The British College (2023)

LANGUAGES

Nepali (Native), English (Proficient), Hindi (Fluent)
